

The Design Patterns SmallTalk Companion, 1998, 444 pages, Sherman R. Alpert, Kyle Brown, Bobby Woolf, 0201184621, 9780201184624, ADDISON WESLEY Publishing Company Incorporated, 1998

In this new book, intended as a language companion to the classic Design Patterns , noted Smalltalk and design patterns experts implement the 23 design patterns using Smalltalk code. This approach has produced a language-specific companion that tailors the topic of design patterns to the Smalltalk programmer. The authors have worked closely with the authors of Design Patterns to ensure that this companion volume meets the same quality standards that made the original a bestseller and indispensable resource. The full source code will be available on the AWL web site.
