Whether you have five minutes or five days, this book is packed with 150 inspiring and fun activities that will keep you and your child busy. If you are anything like me, you will constantly be wracking your brains for ways to keep your children entertained. This book gives you lots of new ideas for activities, both indoors and out, and often on the spur of the moment. None of them are expensive or complicated and most don't need a truck-load of ingredients or special equipment. I also know the pressure to ensure your child is reaching 'key milestones' so I've worked with a child development specialist to make sure all the activities are high in early learning content as well as being fun.
